PLAN: (ATTACH IMPLEMENTATION PLAN):

Work Integrated Learning Plan:

- Duration: 5 months (01 July to 30 November).
- Project Based or Industry Based WIL curricular model implemented.
- Daily stand-up meeting with the team.
- Students are required to complete a monthly attendance register.
- Students are required to complete a monthly report.

Academic Plan:

- Students are registered for the subject of Project Presentation 3.
- Students need to be released for tests in March and September.
- Students need to be released for exams in June and November.

WORK DONE:

- Week 1 () – **Campus Strike**
  We were unable to attend campus due to strike action. This meant that we could not access the lab or continue with the practical work on our projects during the week.

- Week 2 () – **Funding and NFC Project**
  We returned to campus and travelled from District Campus to Bellville Campus to sign the required funding documents. Our mentor also introduced a new project idea involving the use of NFC technology as a possible replacement for the current RFID card system.

- Week 3 () – **NFC Project Proposal**
  We worked on a proposal for the NFC card reader project and presented our idea to our mentor. We also had a meeting about ITCS, where our mentor explained what we would be doing and what would be expected from us.

- Week 4 () – **Woolworths Women in Tech Expo Preparation**
  Our mentor informed us about the upcoming Woolworths Women in Tech Expo. We discussed which projects

would be presented and continued working on the SAEON Weather Monitoring System, RFID Attendance Scanner, and NFC Scanner to prepare them for the event.

- Week 5 () – **Woolworths Women in Tech Expo**

  Due to the three-person limit, Redah Gamieldien, Ethan Williams, and Qaasim Isaacs attended the Expo on behalf of the team. They presented and demonstrated the SAEON Weather Monitoring System, RFID Attendance Scanner, and NFC Scanner from 10:00 to 15:00, while explaining how the different projects worked to visitors.

MENTORS COMMENTS ON LEARNERS' PERFORMANCE:

The learner performed well and met all expectations regarding the projects and the ongoing research and and contributions to projects sparks innovation and creative ideas for a one SMART CPUT.

GENERAL COMMENTS:

None
